

PROGRAMS FOR STUDENTS WITH DISABILITIES

Generally

The Alleghany Highlands School Board provides a free, appropriate public education for all children and youth with disabilities, ages 2 through 21, inclusive, who are residents of Alleghany Highlands or who are not residents of Alleghany Highlands but are residents of Virginia and who are enrolled in a full-time virtual school program provided by the Board. To the maximum extent appropriate, students with disabilities are educated with children who are not disabled.

An Individualized Education Program (IEP) is developed and implemented for each child with a disability served by the Alleghany Highlands School Board. The program is developed in a meeting of the child's IEP team, which includes the child's teachers, parent, the student (when appropriate), a school division representative qualified to provide or supervise the provision of special education services, an individual who can interpret the instructional implications of evaluation results and other individuals at the discretion of the parent or school division in accordance with State and federal law and regulations. This IEP is reviewed at least annually.

Parents of students with disabilities are provided guidance from the Virginia Department of Education regarding the Applied Studies Diploma and its limitations at a student's annual IEP program meeting corresponding to grades three through 12 when curriculum or statewide assessment decisions are being made that impact the type of diploma for which the student can qualify.

The IEP includes areas specified by state and federal statutes and regulations.

Explanation of Procedural Safeguards
