

TUITION ASSISTANCE

The Alleghany Highlands School Board may pay college tuition expenses for all full-time employees as part of the license recertification process. Subject to the availability of funds, employees may take up to three (3) college credits per ten-year renewal cycle for reimbursement from the school system. An annual tuition rate for reimbursement will be established by the superintendent. The rate is not to exceed the highest tuition charged a state institution of public learning. Employees taking courses out-of-state or in state private institutions will be limited to the established reimbursement rate.
